Checked in Some Places, Flames Are Extending Elsewhere.

MANY TOWNS THREATENED

Gold Creek Flames Includes Ranches and Many Villages.

SPOKANE, Wash., July 18 .- All available men were being sent from Montana points and from Spokane today to combat the forest fires.
Fires near Henderson and St. St. Regis, Mont. today were blasing

over unlimited territory, destroying everything in their path, Near Missouls, the Swartz creek fire was reported dangerous and as having done damage. The Stattlesnake fire, northeast of Missoula, which has burned over be-

tween 4,000 and 5,000 acres, is being checked, though serious fears are being entertained concerning it because of labor troubles.

federal statutes if successful.

The Henderson fire, in western Montana, has already covered 11,000 acres and there is said to be ne prospect of stopping it, as the flames have cressed the divide into Mulian guich and are steadily creeping nerthward through the brush and new forests planted a few years ago by the forest service in that region.

The Geld creek fire, which surrounds St. Itsgis, is said to be the most serious in the district and is threatening ranches and small towns. It covers about 7,000 acres in all. The flames are raging over a two-mile front.
